Hydrogen Rich Water Bottle 6000ppb

9 Characteristics

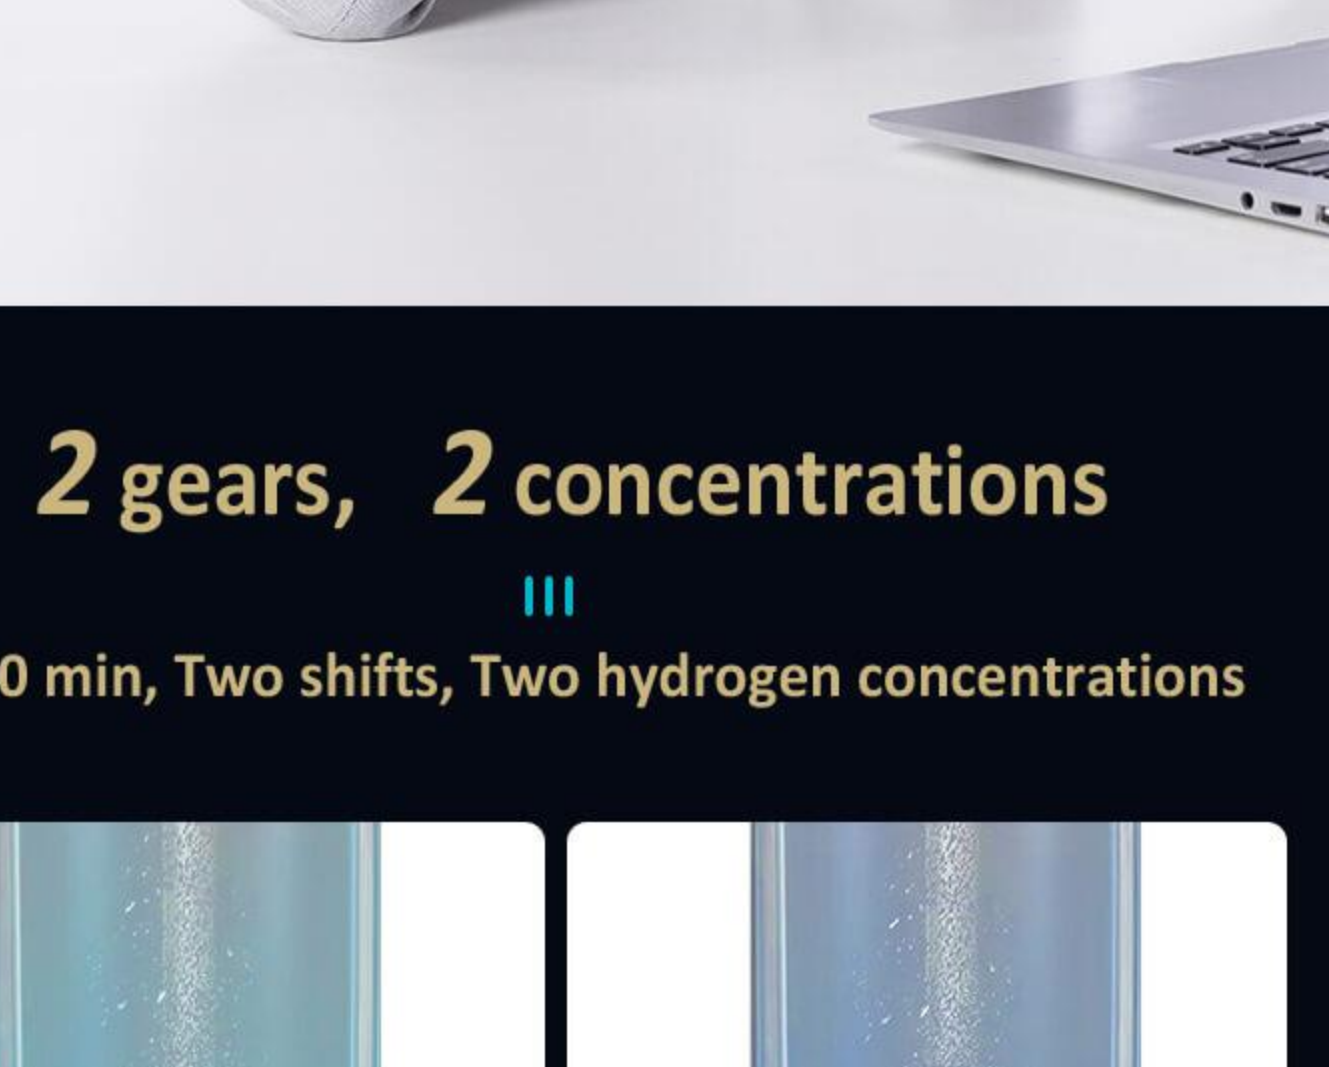

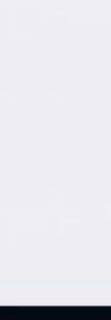

- 1 Patented pressure relief cover Convenient to open.
- 2 Aviation aluminum+anodizing finishing Metal texture, high-end fashion.
- 3 Food-grade PC cup body. Safety and health.
- 4 Pressure bearing design The water cup no leak or fall off.
- 5 Hydrogen production with multicoloured lamps, colorful.
- 6 Newest hydrogen and oxygen separation technology.
- 7 LED display clear and quality.
- 8 One-click, easy operation convenient and fast.
- 9 Bottom silicone anti-slip pad Stable and safe.

HEALTH BLACK TECHNOLOGY

Drink a glass of high-concentration hydrogen-rich water to refresh the office and inspire

Replenish moisture and increase vitality for the skin

2 gears, 2 concentrations

5/10 min, Two shifts, Two hydrogen concentrations

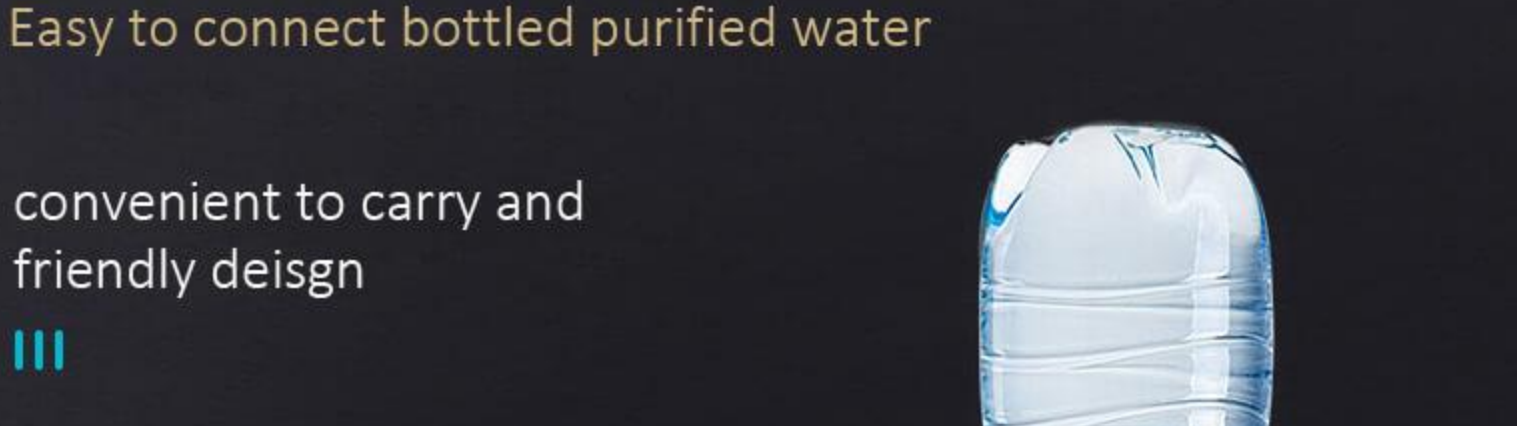

One touch the button
5Min
Hydrogen rich to
3000ppb

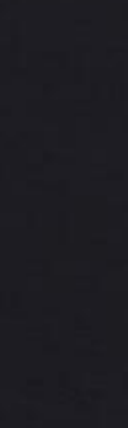

Two touches the button
10Min
Hydrogen rich to
6000ppb

HEALTH BLACK TECHNOLOGY

3 Main parameters

hydrogen-rich
>6000ppb

cup full pressure
>1MPa

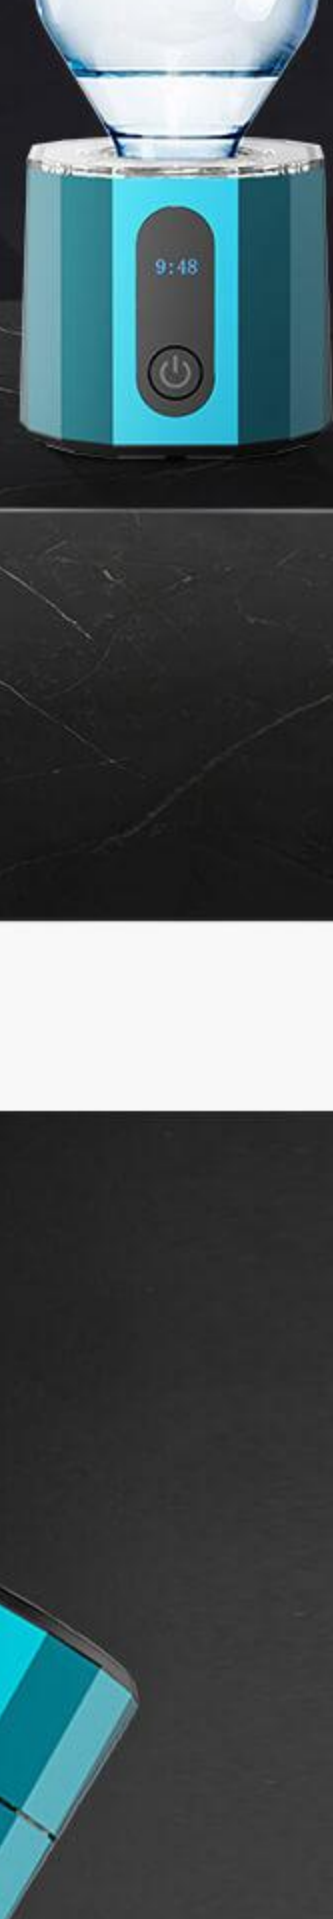

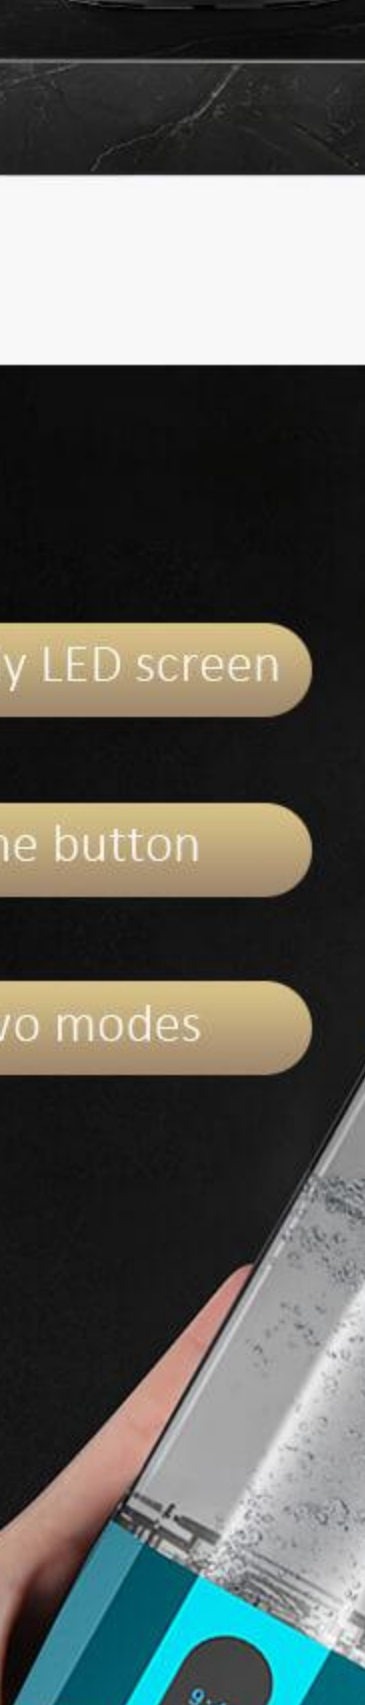

hydrogen-purity
up to 99.992%

HEALTH BLACK TECHNOLOGY

Base splitting

Easy to connect bottled purified water

convenient to carry and friendly design

Clearly LED screen

One button

Two modes

5/10 min hydrogen time optional

HEALTH BLACK TECHNOLOGY

360° shaking but no water leakage

Sealing and leak-proof design

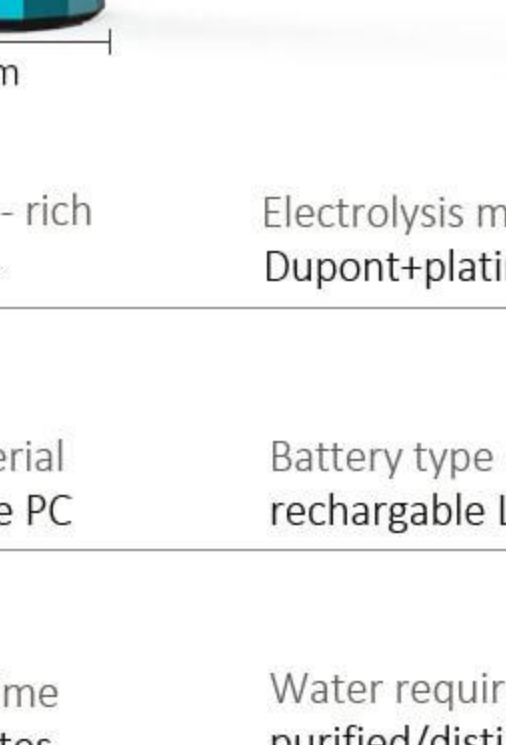

Long working time

USB/mobile charging/AC charging within 3 hours working for 10-30 times

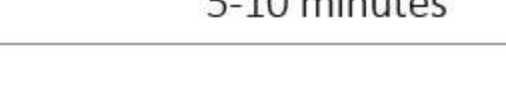

Ternary Lithium A rechargeable battery

TYPE-C charges convenience and fast

Parameter

HEALTH BLACK TECHNOLOGY

Product name hydrogen-rich water bottle

Hydrogen - rich 6000ppb+

Electrolysis method Dupont+platinum PEM

Housing material aluminum+anodizing

Body material food-grade PC

Battery type rechargeable Lithium

Voltage input 5W-1A

Working time 5-10 minutes

Water requirement purified/distilled water
